(248) 675-1020

Country Inn and Suites
21625 Haggerty Road
Novi, MI 48375
(248) 596-9800

LOCATION

Virtual training

TOPICS

- Introduction to CoTherm
- CoTherm for transient & steady state coupling
- Creating processes to run multiple cases
- Updating boundary conditions
- Defining selections of parts for coupling
- Defining computational resources
- Calling other software tools
- Running CoTherm on HPC systems
- Monitoring results
